JOINERY
Colour & Finish Collection

INTRODUCTION

Designed to Work Together

The Atelier Joinery Colour Collection brings together sixteen carefully selected finishes designed to suit contemporary Australian homes.

Featuring eight woodgrain finishes and eight solid colours, the collection has been curated to provide a versatile palette for kitchens, wardrobes, laundries, vanities and custom joinery throughout the home.

From warm natural timber tones to soft neutrals and deeper feature colours, each finish has been selected to work across a wide range of interior styles while making the selection process simpler and more considered.

COLLECTION 01

Woodgrain Collection

Warmth, texture and natural character for contemporary Australian interiors.

Eight timber-look finishes selected for how often they are specified in Australian kitchens, wardrobes and vanities, and for how naturally they sit together.

Yarra Oak
DEEP EMBOSSED

Barossa Oak

Daintree Walnut
TEXTURED MATT

Hawkesbury Walnut
TEXTURED MATT

Woodgrain Collection

Yarra Oak

DEEP EMBOSSED · ALSO IN SMOOTH MATT

A planked European oak in warm yellow-brown tones with pronounced grain depth. Textured and tactile, the closest of the range to solid timber.

Kitchens · Island fronts · Wardrobes

Barossa Oak

TEXTURED MATT · ALSO IN SMOOTH MATT

A deep golden-brown oak with soft grey undertones and cathedral grain. Sits easily with warm whites, greys and stone.

Kitchens · Vanities · Wardrobes

Kirra Oak

TEXTURED MATT

A sandy, lightly white-washed oak with soft grey grain. Relaxed and coastal, it brightens sunlit rooms.

Kitchens · Laundries · Wardrobes

Hunter Oak

TEXTURED MATT

A true tan-brown oak with natural crown cuts and a convincing solid-timber look. A versatile base for full-height runs and islands.

Kitchens · Feature joinery · Media units

Derwent Oak

TEXTURED MATT · ALSO IN SMOOTH MATT

A warm, natural oak with red, yellow and brown tones and half-crown cuts. A familiar Australian timber character.

Kitchens · Vanities · Study joinery

Bronte Oak

TEXTURED MATT

A pale, creamy oak with a faint reddish tinge and subtle crown cuts. Suits calm, Scandinavian-influenced interiors.

Kitchens · Wardrobes · Vanities

Daintree Walnut

TEXTURED MATT · ALSO IN DEEP EMBOSSED

A rich caramel walnut with defined grey-brown grain. Warm without being heavy, it suits warm whites, stone and brushed metal.

Kitchens · Island fronts · Media units

Hawkesbury Walnut

TEXTURED MATT

A deep chocolate-brown walnut with natural variation. A refined dark timber for feature joinery, vanities and pale stone.

Feature joinery · Vanities · Wardrobes

COLLECTION 02

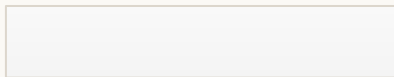

Colour Collection

A refined palette of timeless neutrals selected to complement timber, stone and architectural finishes.

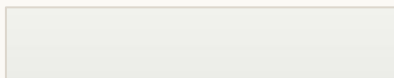

Seven neutrals, from warm whites to charcoal and black, plus a single muted green: the colours most often specified for Australian cabinetry, and the easiest to pair with the woodgrains.

Classic White

Cinder
MATT

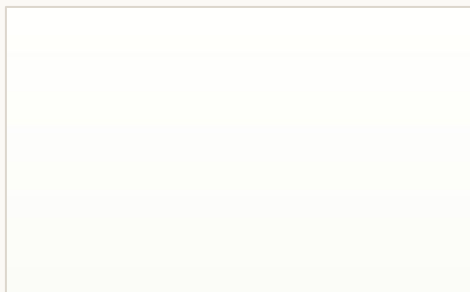

Black
MATT

Oasis
SMOOTH MATT

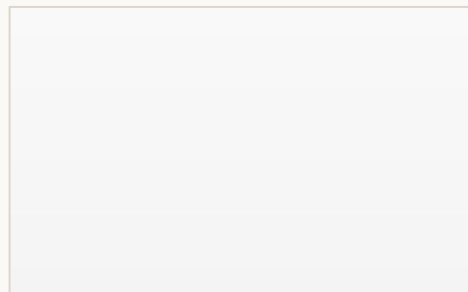

Classic White

MATT · ALSO IN SATIN, GLOSS

A warm bright white and one of the most used cabinetry whites in Australia. Soft beside timber and stone, crisp on its own.

Kitchens · Wardrobes · Laundries

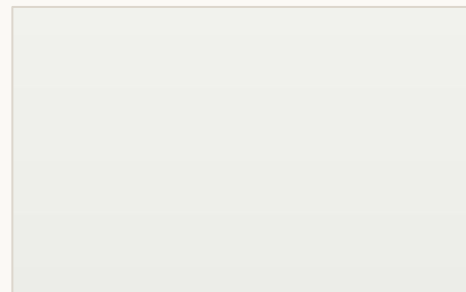

Polar White

MATT · ALSO IN SATIN

One of the brightest, cleanest whites in the collection. For minimal, gallery-like kitchens and bright benchtop matches.

Kitchens · Laundries · Vanities

Blossom White

MATT · ALSO IN SATIN, SUPER MATT

A slightly greyed, warm white with a soft, chalky feel. A quieter alternative to stark white beside pale timber and stone.

Kitchens · Vanities · Wardrobes

Greige

MATT · ALSO IN SMOOTH MATT

A pale-to-mid grey-beige that bridges warm and cool palettes. A contemporary neutral beside oak, travertine and nickel.

Kitchens · Wardrobes · Laundries

Stone Grey

MATT · ALSO IN SATIN, SMOOTH MATT

A cool light-to-mid grey. Reliable and understated, it grounds white kitchens and suits laundries and utility joinery.

Kitchens · Laundries · Wardrobes

Cinder

MATT · ALSO IN SUPER MATT, SMOOTH MATT

A true dark grey, softer than black, for islands, feature runs and media units. Pairs well with mid-tone oaks and warm whites.

Islands · Media units · Vanities

Black

MATT · ALSO IN SUPER MATT, SMOOTH MATT

A solid black offered across a wide choice of surface textures. Full black schemes or sharp contrast against natural oak.

Kitchens · Media units · Feature joinery

Oasis

SMOOTH MATT · ALSO IN SUPER MATT

A muted grey-green drawn from the Australian landscape. A widely specified accent beside oak, brass and pale stone.

Kitchens · Laundries · Vanities

Considered Combinations

Five timber and natural stone palettes that show how the collection works in a finished kitchen.

Barossa Oak

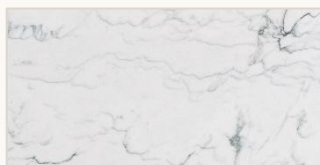

Travertine

01 Warm Minimal

Golden oak and the soft, mottled surface of travertine share the same warm undertone, so island, cabinetry and splashback read as one material rather than two. Keep the whites warm and the metals brushed for a kitchen that feels calm, sunlit and quietly luxurious.

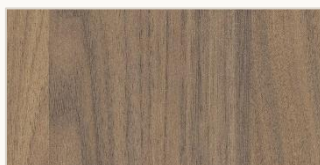

Kirra Oak

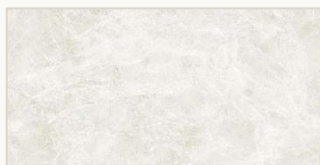

Carrara marble

02 Coastal Light

A white-washed oak against cool-veined Carrara keeps everything light and airy. The pale timber softens the marble's crispness while the stone lifts the timber: an easy, coastal pairing for kitchens, vanities and laundries that need to feel fresh for years.

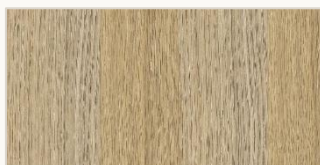

Daintree Walnut

Taj Mahal quartzite

03 Quiet Luxury

Caramel walnut beside the creamy, softly veined depth of Taj Mahal quartzite is the definition of quiet luxury. The stone carries the same warm notes as the timber, so benchtop, splashback and cabinetry settle into a single considered palette.

Yarra Oak

Grey marble

04 Modern Contrast

Planked, textured oak against a cool grey marble creates contrast without harshness. The timber brings warmth and movement, the stone brings weight and calm: a confident, architectural scheme for open-plan kitchens and feature joinery.

Hawkesbury Walnut

Calacatta marble

05 Refined Dark

Deep chocolate walnut sets off the bright ground and bold veining of Calacatta marble. The darker timber makes the stone glow and the marble keeps the scheme from feeling heavy: tailored, rich and made for an entertaining kitchen or feature bar.

PROJECT SELECTION

Your Joinery, Considered as Part of the Whole Home

Your finish selection is only one part of a well-resolved joinery package.

Once your preferred colours and finishes are selected, the Atelier team coordinates your joinery against the surrounding materials, fixtures and architectural elements to create a cohesive result across the project.

We consider:

- Cabinetry design and proportions
- Benchtops and splashbacks
- Hardware and handles
- Tapware and fixtures
- Flooring
- Appliances
- Surrounding architectural finishes

The result is joinery that feels considered, coordinated and designed for the space, rather than selected in isolation.

Start Your Joinery Project

Send us your plans, elevations or project information and our team can assist with cabinetry design, finish selection, detailed shop drawings and project pricing.

From initial selections through to manufacture and delivery, Atelier coordinates the details so your joinery is ready for the project.
